

Hiking Through Sukkot

Sept. 28 - Oct. 4 | Play online when it fits your day

Scan to play and share your trail discoveries

Two ways to join: play the phone-based team game, or take the quiet Gratitude Walk with any notebook. The illustrated field journal is optional.

1 Play the online trail game

Gather: Make a mixed-age team of 6-10, choose a team code, and use one phone.

Walk: Choose any of the seven walks when convenient. Read the Scripture, complete the three missions, and respect wildlife and park rules.

Share: Send a written discovery and Scripture response online. A photo or short video is optional. Scripture, effort, creativity, and stewardship each count toward awards.

2 Taste & See: a Gratitude Walk for every age

Bring any notebook. Walk slowly. Write, draw, or remember one blessing, a kindness, or a way the Father cared for you. Tell us what gives you a thankful and grateful heart toward God.

Psalm 119:103 reminds us His Word is sweet like honey. Psalm 34:8 calls us to taste and see His goodness; Matthew 6:26 reminds us of the Father's care.

No internet, team code, or printed field journal is needed.

3 Spot the WayPath Adventure Cart

The cart will make its rounds serving others and making new friends. Spot it in person, say hello, and ask for your next clue to the biblical Feast Trading Card game. The cart is a fun extra; the seven walks work without it.

Gather by the fire

Hear His praises. Share how Yah has been faithful and what you are thankful for. A child with a praise report or gratitude thought may receive a honey stick, a Hershey's Kiss, or a heavenly hug when available. Remember the sweetness of a good Father to His children.
